Newsletter of New Beginnings Church of the Nazarene

October 2026

Faith Promise Giving and Offerings for the World Evangelism Fund . . .

. . . helps many *Church of the Nazarene* ministries throughout the world. The story below will be a blessing to your heart as well as being informative. It's focus is "World Mission Broadcast" (WMB), one of these ministries. The NMI Council would invite you to read it so you will know where your donations are going and who they are blessing with God's love.

Around the world, God is using media to reach people in places that traditional ministry alone cannot. Through WMB, churches, pastors, and ministry leaders are discovering new ways to share the hope of Christ across languages, cultures, and borders. What unites these efforts is a simple but powerful truth: when believers work together, the gospel multiplies.

During the uncertainty of the pandemic, Pastor David Hoi and a small group of believers from Loving Grace Church of the Nazarene in Cupertino, California launched what became known as "Cloud Church." Through online worship services, Bible studies, and children's programming, they began reaching people far beyond the walls of a church building. Today, their Mandarin-language broadcasts are available around the clock and are accessed in 45 countries.

Individuals who travel for work, are homebound, or are in an unsafe place for Christians can find spiritual growth, encouragement, and connection through this ministry. World Mission Broadcast (WMB) helps provide the technology and infrastructure that make this global outreach possible.

God is using media to reach Indian communities in Silicon Valley, CA and beyond. Pastor Chris Nallan and the International Christian Center Church of the Nazarene began with a simple radio broadcast called Subka Ki Aradhana ("Community Worship"), a Punjabi and Hindi programming, became a catalyst for church planting. Today, fourteen Indian churches and church-type missions have emerged from that ministry and has expanded into podcasting and now reaches listeners globally in Hindi and Telugu, engaging some of the largest unreached people groups in the world. Through WMB, the gospel is being carried into homes, communities, and nations where access to Christian teaching is often limited.

WMB is also seeing incredible fruit through its partnership with Brilla.FM, the Spanish-language ministry reaching families throughout North America and Latin America – bringing biblical hope into everyday life. One of its newest initiatives, *From Chaos to Hope*, is a youth devotional series designed to help teenagers navigate anxiety, identity, relationships, and faith through a Christ-centered lens. The ministry has also launched *Legacy*, a devotional resource encouraging women to deepen their walk with Christ while investing in the next generation. These broadcasts are helping families encounter biblical truth in practical ways while building authentic community across digital platforms.

In Egypt, another WMB partnership is bringing the gospel directly into homes through the television project *Tasbiha Fi Beitna* ("Praise in My Home"). Ministry teams entered impoverished neighborhoods, sharing Christ through worship, prayer, and personal relationships. Twenty episodes were filmed inside real homes, capturing stories of faith and transformation. The impact extended beyond the viewers—two production team members gave their lives to Christ, and another experienced healing that restored his marriage.

Whether through online media, radio broadcasts, podcasts, devotionals, or TV programs, these ministries share one mission: proclaiming Jesus Christ to a world in need of hope. Together, through collaboration and partnership, lives are being transformed and the gospel is reaching farther than ever before.

Another ministry that thrives because of your Faith Promise & WEF giving: *Missionary Healthcare.*
