### Prayer Requests:

- Pray for wisdom as I take on leading an additional team and learn about their roles and responsibilities.
- Pray for unity as I merge several teams together under my leadership.
- Pray for discernment and clarity as I support our executive team through various decision-making processes.
- Pray for wisdom for me as I continue to learn how to best support Wycliffe and Bible translation in my current role.
- Pray for Wycliffe and our partners in the global Bible translation movement as we press on to start translations in the remaining 541 languages currently identified as needing translation, and as we support all the translations currently in progress around the world.
