HOPE CHURCH

Weekly Sermon Based Discussion Questions

October 11, 2026

DIGGING DEEPER:

1. The disciples heard Jesus say, “let us go to the other side,” but His promise was quickly forgotten in the storm. Do you find that happening in your own life? And will you share with the group your favorite promise and the promise that you need to believe right now?

2. The storm the disciples faced was sudden and severe. Jesus being in their boat didn’t exclude them from facing a storm (talk about our misguided belief that Jesus owes us), but take a moment to talk about the inward or outward storm you’re facing now?

3. The disciples prayed selfishly “do you care about us?” They never prayed, “Do you care about them?”
Why is it so easy for us to pray selfish prayer when the model prayer begins with the word, “our?”

4. Take some time as a group to read through (Mk. 4:35-41) and let your group leader share insights and then share as a group what God showed you through those verses.

5. Close your group by praying for some of “the other boats” that are facing a storm right now.
