Opener:

If someone gave you $1,000 right now, what would you do with it?

Leader Notes

Make sure students understand that gratitude doesn't mean pretending everything in life is good. We can be grateful for who Jesus is even while we're walking through something difficult.

Question 1. Read Luke 17:11-19 together. Why do you think only ONE of the ten men returned to thank Jesus?

The man who returned didn't just say thank you; he praised God! What's the difference between being thankful and actually showing gratitude?

Question 2. Why is it sometimes easier to focus on what we DON'T have instead of what God has already given us?

Question 3. What's one way God has shown up in your life that you don't want to forget?

Question 4. Read Psalm 71:15 together.

This verse talks about telling others what God has done. Why do you think sharing our stories matters?

Question 5. Challenge students to be like the one man who came back, not the nine who walked away.

Remember: Think of one prayer God has answered or one way He has helped you.

Return: Spend time this week specifically thanking Jesus.

Share: Tell one person something God has done in your life.
