December 2025

Dear family and supporters.

It is amazing how fast a year goes by and as you get older, they seem to go even faster. I hope all of you had a good Thanksgiving. Pumpkin pie anyone? We had a community dinner at Ebenezer and served over 200 meals. We had planned for a lot more people than that so about halfway through many were able to take a whole pie and not just a couple of pieces.

The next day we met Faith at Tj's house to celebrate

Thanksgiving and Christmas at the same time with both of families. We don't have many opportunities for all of us to get together so we like to take advantage of it when we can.

At the end of the year, I will be stepping away from the day-to-day accounting and administration work at the Daystar office. We will continue to be involved in the Ebenezer church plant and Bible studies we are doing now until some time next year when we would like to move down to North Carolina closer to where Faith and Adam use as their home base.

January will start off busy with a trip to Chattanooga, TN for the Daystar board meeting. Then a few days later Diane and I will head to Michigan to fly out with a mission team going to help a Daystar missionary family in Ecuador. When we get back, we will be getting our house ready to go on the market. In late spring or early summer, I plan to go to Alaska for a couple of weeks to help at a missionary aviation facility. It is a place where they train pilots and mechanics for work on the mission field. I met the director at a missions conference and with my background he felt it would be good working with these new missionaries. It will be interesting to get back involved with aviation after so many years.

If you or your church has an interest in taking a mission trip we would love to talk with you about how to do that or possibly even leading a team with you. If you don't have a country in mind you can check out our website <https://dbmi.org/mission-trips/> for both national and international opportunities.

We also plan to be contacting our supporting churches about coming by to give an in-person update.

Thanks for your prayers and support.

Tim & Diane
