

**January/February 2026**

**Dear Supporters and Friends,**

The year has begun well for our family. We were grateful to travel stateside for the holidays with family and to celebrate the wedding of Abigail's youngest sister. Upon our return to Paris, we were greeted with a day of snow before Trip and Theo returned to school. The work in the 13th arrondissement continues to move forward steadily.

One important date we ask you to pray for is March 15th, which will be our launch Sunday for the Bible Center. We are currently distributing invitations and have made several new contacts whom we are praying will visit. It has been especially encouraging to see the excitement among those attending our Thursday Bible study as we prepare to begin weekly Sunday meetings. A genuine sense of community is already forming among these first fruits of the ministry.

Please also continue to pray for the church in Mantes-la-Jolie. Due to a lack of leadership, navigating their current situation following the fire has been a significant burden. Kyle is working closely with the church's leadership to establish a plan for our family to be present on Sunday mornings on a weekly basis, as our meetings at the Bible Center will take place in the afternoons. This arrangement will allow us to share a clear vision for the community, equip the congregation to serve those around them, and provide guidance on future church projects, all with the goal of preparing the way for the next pastor.

We are excited for a new year to continue the work God has called us to and look forward to see Him move in the hearts of people in the Paris area!

Thank you for your continued prayers, encouragement, and partnership in the work the Lord is doing.

In Christ,  
The Guins Family
