Biblical Ministries Worldwide Church Plant Catalysts in Utah

August 2026

Continue to Pray:

- Pray for those who are getting baptized this month.
- Pray for the church in Richfield, UT looking for a pastor and for the grieving Koehn family.
- Pray for our new church building as construction is set to begin late September.
- Pray for Robert's recover from Surgery.
- Pray for our family as we lead and serve the Utah field. We have 25+ missionaries, planting 10 churches, a

We are blessed by you and thankful for you. We wanted to give you a snapshot of some of the things God is doing in Utah.

Azalia Baptized and 24 Other Baptisms in August

This weekend we baptized Azalia, a lady who recently left the Mormon faith and put her trust in the biblical Jesus. Her baptism was especially unique because Azalia has a terminal brain tumor and was given an estimated 14 days to live. Her baptism took place on day 13. Her husband, Kai, and their son were also baptized, and both Azalia

Azalia (middle) with family around her

and Kai shared their testimonies. I have never experienced a baptism that was so joyful and difficult at the same time. Seeing their joy in the Lord through such a difficult season has been incredible. In addition to their family, we expect to baptize another 22 people in August, most of whom are first-generation believers.

GHBC and Polygamy

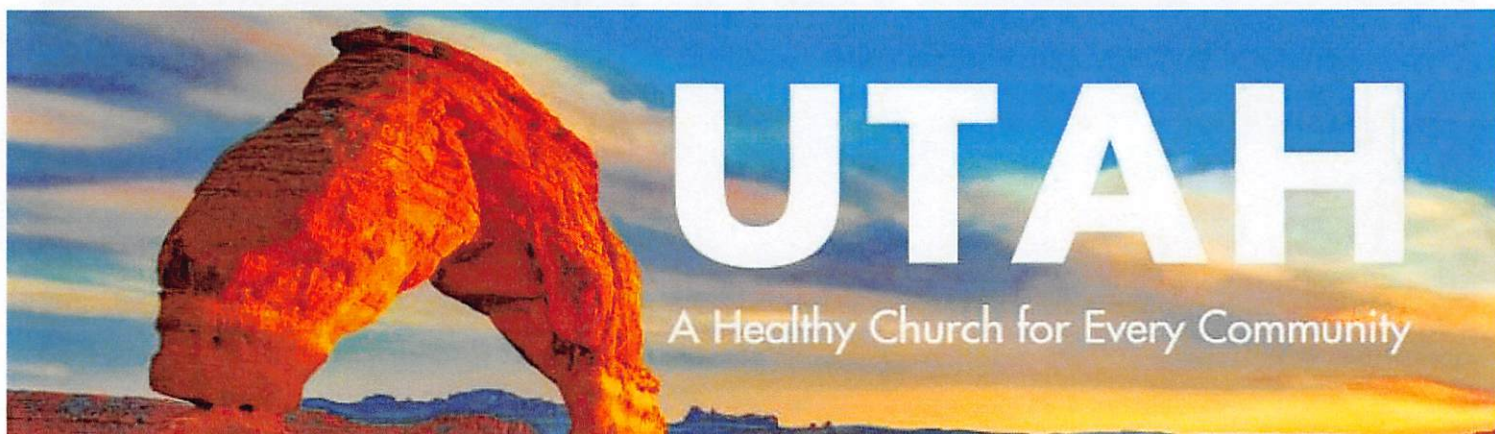

Most of the teens and some volunteers at teen camp

In July we held two weeks of camp for more than 150 kids from third through twelfth grade. Among them were several children from Mormon polygamist families. One family was concerned about their son's participation and asked if they could bring an RV and stay adjacent to the camp. We were thrilled because it gave us a week to love and minister to the parents as well. This family does not practice polygamy, but the father shared that he has more than 50 siblings. We are not sharing their names publicly, but please pray as we continue sharing Christ with this family. They now regularly interact with our church and our family.

Shepherds Theological Seminary

Recently I connected with Shepherds Theological Seminary in North Carolina about the needs in Utah and their students' desire to serve the Lord. After our initial conversation, I was delighted to learn they are considering bringing two groups to Utah in 2027. They have also invited me to speak in chapel this spring.

We need more laborers and are hopeful these opportunities will introduce more people to the Utah mission field. If you or your church is interested in serving in Utah, please reach out. We would love to host you.

Unexpected Passing of Delton

Delton and Joeline Koehn

This past month, one of our missionary church planters, Delton Koehn, passed away unexpectedly. Delton and his wife, Joeline, have been wonderful servants of the Lord. Delton was helping establish our church in Richfield, Utah, which recently added onto its building to accommodate growth. Please pray for Joeline and the Koehn family as they grieve. Richfield also needs a pastor. If you know someone who loves small-town ministry and might consider Utah, please pass along my contact information.

A new church building

Statistically, the gospel-neediest state in America is Utah and Utah County is the most gospel-needy county. This is where our family has lived and served for more than two decades. In the next few weeks, we expect to begin construction on the first church building built from the ground up in our city of approximately 100,000. In 2013, we purchased and renovated an existing 5,000-square-foot building that has served us well, but we have outgrown it. Our new facility will not only serve our congregation but become a hub for church planting throughout Utah. We currently host church-planting conferences, mission teams, interns, and other ministries, often renting additional space to accommodate them. The new property will allow us to host these ministries on our own campus. Please pray for us as we take this significant step of faith.

Grand Opening of the Church in Torrey

Arial of the completed Auditorium

In June I shared about a church in Torrey, Utah, whose foundation collapsed more than three years ago. The congregation exhausted its resources by repairing the building but ran out of funds, leaving them legally able to meet only in the foyer. After learning of the need, we sent volunteers to help with construction in partnership with another church. This month, the congregation celebrated its grand opening in the restored facility!

We were blessed to help this congregation, which is the only Christian church in its county and sits just miles from Capitol Reef National Park. They currently have an interim pastor but need a full-time pastor. Please pray that God will allow us to help them find the right man.

Robert's Surgery

Robert, our oldest son whom we adopted from Uganda, has undergone several surgeries over the past few years related to injuries he suffered as a child. This week he had another surgery on his wrist and hand. It was a 5 hour surgery that took nearly a year to schedule. We would appreciate prayer for his recovery as his surgeries are often more difficult for recovery and have a significant impact on his independence.

Thank you for praying, giving, and partnering with us. We are incredibly grateful that God has allowed us to serve in Utah—and thankful that you are serving alongside us.
