

PRAISE THE LORD! Tom Wilson Health Update

Seeing his days are determined, the number of his months are with thee, thou hast appointed his bounds that he cannot pass... Job 14:5

Dear friends,

We wanted to send a quick update regarding Tom's health. So many of you have reached out reassuring us of your prayers, love and concern. Tom had a follow up CT scan this week and his doctor called to give us the report yesterday afternoon . It was all such good news. We asked Pastor Wayne, who is a doctor, to write a brief summary for us to pass on to you.

*"Despite 80% of head of pancreas lesions being cancerous tumours, and the clinical and radiological picture suggesting that as the diagnosis, following the follow up CT scan, the surgeon now believes that **this was pancreatitis with a pancreatic abscess**. The mass is still visible but has decreased in size and the dilated ducts in the liver and pancreas have decompressed and returned to almost normal. A repeat scan will be done in another 3-4 months."*

We are rejoicing over this good report and continue to rest in the fact that God is in control of our future and ask that you would continue to pray for renewed strength and many opportunities to continue serving our Great God from whom all blessings flow!

We have felt so loved by you and want you all to know how much we appreciated your prayers during this time as they were such an encouragement and comfort to us.

With love in Christ,

Tom and Marilyn Wilson
