

BRIDGING LONDON

Our first couple of months back in the states were full of family and fun. Ashley, the girls and I have had fun spending some time with family at Greers Ferry Lake in Arkansas. Part of our holiday time included taking in loads of sights throughout Arkansas and even taking a trip to Nashville, TN to celebrate Audrey finishing school. It was great to celebrate America's 250th anniversary with our family. We thank God for His provision. Ashley celebrated her birthday just a couple days later on the 6th. She is the heartbeat of our family and we are so thankful for her. It's been wonderful reconnecting with friends at our sending church, First Baptist Church Vilonia, Arkansas. We are so grateful for their support. God has really blessed us through the generosity of Bayou Meto Baptist Church in Jacksonville, AR. Ashley grew up in this church and we were married there in 2001. Bayou Meto opened their mission house to our family for the remainder of the year. It's wonderful to have our own place and it's conveniently located only 15 minutes from our sending church. What an answer to prayer! We visited Branson, MO in August and while we were in the area we stopped by and worship with Pastor Phil Housley at Park Crest Baptist Church in Springfield, MO. We really miss Evan but he is doing well living on his own and working in London. Please keep him in your prayers. We still have open dates in Fall and Spring '27 if you'd like to have our family visit your church. Simply contact Joshua at the **number*** below or email him at: ringingoutthegospel@gmail.com. Thank you all for your prayers and support!
