

COSTA CHANGED LIVES RICA

Serving Together

We were greatly blessed to have a team from Louisville, Kentucky, come and serve alongside us as we held our second Vacation Bible School. This year we had even more children attend, and it was wonderful to see how much they enjoyed the games, activities, and songs. Even more encouraging was seeing them engaged during the teaching times, where they heard several lessons from the Bible and, most importantly, the good news of the gospel. One of the greatest blessings of the week was watching the team from the United States and our local volunteers work together so faithfully. We are very thankful for everyone who gave their time and energy to make VBS possible and for another opportunity to share Christ with children and families in our community.

Precious Time with Family

We have also been especially blessed recently with not one, but two visits from family. First, Jonathan's mom, sister, and brother-in-law were able to spend a few days with us. More recently, our daughter Ashley, her husband Justin, and our grandson Grayson were able to visit as well. Ashley and Justin currently serve as missionaries in Spain, so having them here with us was particularly special. These visits are precious to us because opportunities to be together are often rare and far between. It is always a blessing not only to spend time with our family, but also to have them meet the people we love and serve here in Costa Rica.

New Opportunities to Serve

Along with these blessings, God has continued to bring in new opportunities disciple new believers, host small groups meeting in our home, as well as continue to teach classes, preach, and serve alongside our brothers and sisters in the church. Sarah has started an English conversation class that we hope will be a chance for more outreach. Whether we are teaching, discipling, preaching, or simply serving wherever there is a need, it is a blessing to see God redeeming lives, growing His church, and raising up new leaders. We are grateful for the opportunities He continues to give us and look forward to seeing how He will use them in the months ahead.
