

TRINITY FELLOWSHIP

Worship Leader

Position Description

About Trinity Fellowship

Trinity Fellowship is a mature, elder-led, urban congregation nestled in a bustling suburb near Houston, Texas. The church has traditionally served middle- to upper-middle-class attendees with large families. Many of these families homeschooled their children and had strong connections to folks in the space-aeronautical (NASA), petrochemical, and medical industries.

Trinity hired a new senior pastor in August 2023 to help lead the church into its next phase of ministry, and the church has recently completed a mission and vision strategy initiative. Now, by God's grace, we are ready to add members to our leadership team to help accomplish its mission of reaching and equipping people to think, live, and be like Jesus.

Part of Trinity's strategy leverages the extensive renovation planned for its meeting space to help attendees connect with God and one another. Plans include a new platform, audio, lighting, landscaping, and common areas. It also seeks to maximize its outreach and service opportunities by investing in and partnering alongside the families attending a new on-site Christian homeschool academy.

We are asking God to bring us together with like-minded candidates to help us fill key roles needed for this vision.

Ministry Description

In coordination with the Senior Pastor, Music Team, Production Team, and other ministries of the church, this role is responsible for creating an environment of engaging worship at Trinity Fellowship that glorifies God and edifies attendees, while also connecting with and encouraging attendees toward spiritual maturity and active participation in the life of the church.
