Discipleship Ministry
2025 - Present

SKILLS

- Organization
- Understanding Human Behavior
- Communication
- Critical Thinking
- Leadership
- Public Speaking

ABOUT ME

I am passionate about helping people walk more deeply with Christ through discipleship. I have confidence in the Lord's calling for my life which is to encourage, equip, and train others to become faithful followers of Jesus as I follow Him myself. My ministry experience thus far has helped grow my strengths and refine my weaknesses so that I may be a greater instrument of the Lord. My prayer is that I will seek opportunities to continue to grow that experience according to the Lord's will for my life.

EXPERIENCE

College Ministry Intern 2023-2025

Oklahoma State Cru

I had the privilege of serving as an intern with Cru for two years following my college graduation. I gained skills such as event planning, time management, delegation, and personal discipline. My main role was to faithfully disciple college women and to seek out those who may not know Jesus yet.

Kid's Ministry Volunteer 2021-2025

Countryside Church

I got to serve in the kid's ministry at my church home in Stillwater, Oklahoma while I was pursuing my degree. This experience helped me develop interpersonal skills and communication within a formal ministry setting. The Lord used it to help me learn the value of service in the local body.
