Redeeming Art Ministry

Room 210

Discovering your art style through the Creation Story in Genesis. The Bible begins with God's creation of all things in Genesis. The creation was an intentional act and focused on the ultimate expression of God's love – the creation of mankind. However, God did not just create mankind. First, He created the perfect environment for mankind's existence. We will explore and illustrate each day of the creation during this 10 week class. For the past several years, we have explored many different art mediums, styles and techniques. We will now focus on using all of this knowledge and experience to create our own personal art style. Finding your own art style is a journey that we will embark upon together and share with each other during this class. Pre-registration is required!

Spanish Bible Study

Room 300/301

From Garden to Garden

Room 101

Note this class starts August 16th.

The Bible opens with man in a garden, but very quickly he was removed from the garden. The Bible closes with man back in the garden. Why was he removed, why was he allowed back in and how did he get there? The pages in between reveal God's answers not only to these questions but also His plan for the ages. Join us on a journey as we travel through the Bible, book by book, making connections, discovering truth and learning how to live from garden to garden.
