

Community Check-in Rhythms

to live together in the way of Jesus for the renewal of Hawaii

- Do we live lives worth imitating?
- Do we have a community worth inviting into?
- Do we have a mission worth dying for?

As we continue to experience the effects of a quarantined and social distanced life, how can we practically and intentionally foster both a sense of deeper community in our Discipleship Core AND in the missional community God has called us to? How can we continue to practice living into answering those 3 pivotal questions we move MKAO around?

Community Check-in Rhythms will help to foster an increased sense of community as we wrestle and celebrate and navigate through this unique time when community MUST look different for followers of Jesus, for the sake of His Kingdom and the culture around us.

Each week, from now through May, we will be paired up with a different person to check in with. We'll be given different prompts to help us check in. It's best to do this via a phone call or video conferencing (no email/text exchanges). The prompts are meant to help us meaningfully do a check-in to practice Thick Community and loving one another in these isolating times. Rejoice! Love deeply and sacrificially! Challenge and Encourage!!!
