

COMMON HEART

a small revolution of kindness

www.CommonHeart.org 704-218-9060

In consideration of being a volunteer for Common Heart, I do hereby assume the risk of injury and all medical expenses incurred from any injury resulting from, or in any manner connected with, directly or indirectly, my volunteer participation (or that of my minor child). I understand, acknowledge and agree that we are not covered by Workers' Compensation insurance or benefits provided thereunder. I do hereby waive, release, and hold harmless Common Heart, its Board of Directors, officers, agents, representatives and employees, from any and all claims, causes of action and damages, known or unknown, for bodily injury or death that I (or my minor child) may suffer as a result of, or in any manner connected with, my participation as a Common Heart volunteer. I understand that this waiver and release precludes our right to recovery of damages in the event I (or my minor child) are injured in the course of performing our volunteer duties. With this in mind Common Heart has acquired a very limited accident policy that will cover incidents of volunteer accidental injury or death to help in the situation where one of our volunteers is injured during their volunteer activity. This is limited and not intended to replace private medical insurance of the individual volunteer. Additionally, I agree that my (or my minor child's) photo or image can be used on social media and in promotional information by Common Heart.

While you are signed in we ask that you do not rummage through the food or other donations we receive. We often have volunteers from many different cultures or backgrounds plus individuals who can be emotionally stressed and/or have special needs. A sensitive and understanding attitude is what we always strive to project towards co-volunteers and neighbors. We always want everyone who is a part of Common Heart to be comfortable and know that they are in a safe and non-judgmental place. When you walk through our doors you are entering a non-discriminatory zone. We ask that you leave controversial topics (i.e. politics / religious doctrines), potentially divisive conversations, self-serving agendas and negative attitudes outside. Please refrain from inappropriate language, conversations, touching or advances. This is a place where those who have a heart to serve our community come together to make a positive difference. Thank you for your understanding and cooperation.
