

JB Thatcher - Testimony

Hello my name is JB Thatcher I was born on 7/26/2004 and for my whole life i was told Jesus was God and raised in a Christian household but I very rarely went to church

There were times I would question if there was a God. I didn't understand how if there was a God why would all these bad things happen to good people I would talk to others about Jesus but there I still had questions about Jesus. One night I was going through a lot of stress work was stressing me out and everything in my life seemed to be falling apart and I started drinking and got stupidly drunk and I started thinking about taking my life. I was in the dark and saw no light and I lost all hope in life. But I thank God that one of my friends happened to show up to check in on me and saw me on the floor crying so he put me on my couch and talked me out of it. If it wasn't for him, I don't think I would still be alive. About a week or two later my brother Nathen told me I'm going to light house with him on Sunday and I didn't have a choice and that's the best decision I have ever made listening to Pastor Josh that day spoke to me in ways I didn't think possible after service I went to foundations and I gave my life to Chris from that day on everything has changed for the better iv been going to church every Sunday and it has improved my life in many ways as.

Psalm 91:14-15 says 'Because he loves me,' says the LORD, 'I will rescue him; I will protect him, for he acknowledges my name. He will call on me, and I will answer him; I will be with him in trouble, I will deliver him and honor him.'

And it's true I've been less stressed out and I've been putting all my faith in God I am now about one month sober which is the longest I've been sober for I believe 8 months I now know God has a plane for everyone and I want to see where he takes me in life. I remember in one of the services Pastor Josh said we needed to spread the love and word of god and I now catch myself doing it without me even thinking about it. I thank God every day that I am still here and I hope everyone can find Jesus how I have and he changes and saves their life like he has mine.
