

### **Makayla Cockman – Testimony**

I was taught my whole life about salvation and the forgiveness of sins that could be found in Jesus. One day I understood that I was missing this in my life, so I told my parents that I needed to be saved. They led me through the sinner's prayer on the couch of our living room that night. I was baptized a few weeks later in the church I was raised in.

We have been coming to Lighthouse for about 2 months now. We were in search of a church with similar doctrine, so we attended Lighthouse and immediately felt at home and made many friends.
