Ways To Encourage Your Student

- Ask your student what stuck out to them about Zach's sermon.
- Ask your student what things in their lives can be distractions from community. Talk about whether or not your student needs to take some things off their plate, in order to prioritize community. If so, what?
- Pray for your student to have a strong, spiritual community around them.

This week, Zach will continue our series, Hold Fast; we will take a look at how community requires commitment. There are things in our life that will fight for our attention and get in the way of prioritizing community, but we have to remember that community is a long game, and what we get out of it, will be a direct outcome of what we put into it.
