

Fellowship Kids Wellness Policy

In the best interest of children, staff, and volunteers, we request that individuals with a contagious illness refrain from participating in Fellowship Kids until all symptoms are gone and symptom free for 24 hours.

If another family member is sick with a contagious illness like the Flu, Covid-19, Stomach Bug, or Hand, Foot & Mouth, please keep other children who may seem healthy, at home.

In any case of an illness, parents will be notified immediately. Our team will do all we can to contain the illness at hand with safety and care.

As much as we love you, if you are experiencing any of the following symptoms, please rest at home before returning:

- Fever above 100 degrees (must be normal for 24 hours, without using fever-reducing medicine)
- Discharge from ears or eyes
- Open sores or wounds that cannot be adequately covered with a waterproof dressing
- Undiagnosed rashes that a physician has not already cleared
- Vomiting or diarrhea
- Cold symptoms such as persistent nasal drainage, tiredness, sore throat, runny nose, sneezing, or coughing
- Any contagious disease
- Head lice - must be free of all nits
