

"Share your faith every day as a way of life!"

April 2026 Ministry Report

Greetings in the Name of Jesus Christ,

I was blessed to complete four additional M.A.D. Live Events this month and had the opportunity to speak during a morning worship service. We praise God for three new followers of Christ following the Sunday message, as well as a full altar of people responding to the pastor's invitation. While I don't know what the Lord was doing in the hearts of those who came forward, it was clear that He was at work!

We also rejoice that two more individuals came to faith in Christ during one of the M.A.D. events. In addition, I completed my end-of-month 30-minute Zoom training, where the topic was "Overcoming Objections" when sharing the Good News.

Here's some awesome testimonies that I received this month. Praise the Lord!

"Hi Don, here's what's going on with me after your teaching. I've been realizing that I have had some faulty thoughts about personal evangelism on the streets and in life outside of ministry and church. One of those faulty thoughts is that I have to personally lead the person to Christ on the spot. That is, I felt I had to see them get saved at once. If I go deer hunting and don't shoot a deer, I feel the day was a complete failure. If I don't catch a stringer of trout, in my mind, I have failed. You made it crystal clear that all we are required to do is to plant the seed. If there's follow up later that's fine, but it isn't always necessary. Although I'm very involved in Africa missions and I teach fourth fifth and sixth graders at our church along with other ministries, you have changed my life because I am lacking in personal one on one evangelism. I am now looking for and expecting divine appointments. BTW, I have repented and told God I am sorry for ignoring divine appointments in the past. It's never too late to start and I appreciate your ministry because it has changed my perspective. Sometimes we just get stuck in a particular mindset and need someone to give us a wakeup call. That's what you did for me and the rest of the guys and I am so grateful. Please feel free to use anything I've written or shared with you. If someone else can benefit from my little story, I would be honored. I'll let you know how it goes. Blessings to you, brother." John Brynan

"Thank you for the classes. I had a divine appointment this evening that I would not have recognized or been bold enough to move on before taking them. And I was prepared with a 3 circles printout and a Bible, both of which were accepted by someone who believes in reincarnation. I watched (and rewatched) the My Faith Votes Zoom training. Just memorized your "What are the chances of 66 books...". That's a great tool!" - Palm Coast, FL

"I have never heard so many comments from "My Faith Votes" people about speakers we have had. They love the way you present and how you teach us to share Jesus! Thank you! You are MAD!" - Pennsylvania

"I'm sorry my wife and I missed the zoom call but you will appreciate the reason for it. We meet a couple in the grocery store and spent the past hour talking to them and sharing the gospel with them and inviting them to church. If ever there was an obvious Devine appointment then this was it. Their names are Darren and Leigh Ann. They are in need of all the prayers they can get. I would like to get in on the next zoom call if that's alright with you. Thank you and God bless you."

Praise the Lord! I have been approved by the Billy Graham Evangelistic Association as a volunteer Rapid Response Team (RRT) Chaplain. I have completed some of the training and have some more to do before I can be deployed to serve following a disaster.

Another great month of seed planting! According to my Divine Appointment book, God allowed me the privilege of sharing the Gospel and some literature with 52 people this month. Here's the breakdown:

Police - 7 Veterans - 18 All others - 27

My new book, “Make a Difference 2nd Edition” is available on Amazon in either paperback, hard cover, or E-book. If you order one, **be sure it is the “2nd Edition”**. THANK YOU!

THANK YOU FOR PRAYING WITH US

- Please pray for my son-in-law, Mike, and my daughter, Jaimie. Mike was involved in a serious motorcycle accident several years ago that severely injured his leg. Recently, while helping someone demolish an old deck, part of it collapsed. As he jumped, he fell about three feet and broke his left tibial plateau—the same leg that was previously shattered in the motorcycle accident. He will need to stay off his leg for about five weeks and is unable to work during this time. Please pray for his healing, for God’s provision during this period, and for strength and encouragement for both Mike and Jaimie.
- Thank you so much for praying! My knees have actually been feeling good. I’ve been wearing heavy-duty knee braces when I’m teaching—especially when standing for long periods or walking long distances—and that has really helped. I have an appointment with the orthopedic surgeon PA on July 15th to discuss possible next steps.
- For God to use the many Divine appointments that He provides to save the people whom I have shared with.
- For God to continue open doors and fill our calendar

Love in Christ,
