DISCIPLEMAKERS MINISTRY UPDATE

DISCIPLEMAKERS
Reaching the campus...Reaching the world

"DiscipleMakers exists to raise up effective disciple-making disciples of Jesus Christ on college campuses who:

- study the Scriptures correctly, apply them to all of life, and teach them to others
 - exhibit increasing Christlikeness in response to the Gospel
 - serve not only in their campus fellowship but also in a Bible-believing local church
 - honor God in their vocation and family relationships
 - continue to make disciples wherever God takes them
- ...and thus impact the world for the Glory of God."

This past summer, our family has had many opportunities to see and minister to alumni who graduated from Bucknell University, and it has been a real treat to see how God is at work in their lives. Many are not only in church, but are serving their churches by leading youth groups, discipling others in their churches, and hosting fellowship meals to help their churches reach out to others. Some are raising support to serve in missions both overseas and in the States (One of whom is serving with DiscipleMakers!). One alumnus helped their pastor at a church plant train its members in bible study. Another is helping reach out to his community with a group of guys committed to serving free coffee to their neighborhood to strike up Gospel conversations.

These alumni are examples of why DiscipleMakers exists. We exist to raise up effective disciple-making disciples of Jesus Christ on the college campus. We want them to handle God's Word rightly, teach it to others, serve in the local, bible-believing church, honor God in their workplace and families, and to continue to make disciples wherever they go.

So, as the new semester comes, pray. Pray for the freshman class, that God would stir their hearts towards Jesus. Pray that the class of 2030 would not just hear the Gospel and be saved, but pray that these dear students would catch the vision of being disciples of Jesus who are effective at making disciples of Jesus. That they would grow to be men and women who handle God's Word with increasing skill, that they would grow in Christlikeness as they respond to the Gospel, that they would have a vision to serve in their local, bible-believing church. Pray that they would seek to honor God in every area of life, and that they would catch the vision of giving not only four years, but a lifetime of making disciples of Jesus Christ.

Pray with us, for our ministries at Bucknell, Bloomsburg, Susquehanna, and Lycoming. Pray for our student leaders. Pray for our staff. Pray that God would work mightily, and that we would achieve the ends that God has set out for us.

Thank you for your partnership. It's because of your prayers and gifts that this work is possible! We praise God for you!
