

meet the **DEACONS**

Our mission is to minister to and support those in need within our church family and the community, encourage others to help financially in supporting those in need, extend our boundaries by having VVC families sponsor Compassion children, and prayer support for those we serve. Our assistance provides people help in challenging times “to get over the hump” financially. The Deacons also provide guidance, care, and personal support.

Here are the men serving as deacons for 2026.
