Dear Friends at Valley View Chapel,

On behalf of myself (Cathy) and Don, we want to express our heartfelt gratitude for your generous support and faithful giving. Your kindness and commitment are making a lasting difference in the lives of those we serve.

Because of your prayers, encouragement, and financial gifts, we are able to continue advancing the work God has called us to do. Every act of generosity, whether large or small, helps provide the resources needed to reach people with compassion, love, and the message of Christ.

Your partnership is far more than a donation—it is an investment in transformed lives. We are continually encouraged by your willingness to stand with us in this mission, and we thank God for your faithful stewardship.

As we look ahead, we remain excited about the opportunities God is placing before us. We are grateful to know that we do not walk this journey alone. Your support strengthens our ministry and reminds us of the power of God's people working together for His glory.

Please know that you are remembered in our prayers. Thank you again for your generosity, your partnership in our ministry and prayers. We are deeply grateful for your faithful support and look forward to all that God will accomplish through us together.

With blessings and love,

Don and Cathy

"Share your faith every day as a way of life!"

July 2026 Ministry Report

Hello Friends and Followers of Jesus Christ!

Summer is normally a very slow season for churches to host teaching seminars, and this year has been no exception. In July, however, we had the privilege of conducting one M.A.D. Live Event in partnership with **The Light FM**. We typically hold two events with them each January, so this was the first time we have partnered together for a summer event.

God blessed the day in a wonderful way. We had **165 people** in attendance, and best of all, **three people placed their faith in Jesus Christ!** We give God all the praise for what He continues to do through these events and are grateful for your prayers and faithful support that make this ministry possible.

I stopped at the Bass Pro Shop in Kodak, TN, and I bumped into 8 United States Tennessee Valley Authority Police Officers in the parking lot. I was blessed to give each of them a "God's Promises" book from Billy Graham, one of my police Gospel cards, a Billy Graham "Steps to Peace with God" Gospel tract, and one of my business cards. I prayed with and for them, and they were very appreciative, giving me one of their challenge coins.

Here are two testimonies I received after the event:

"I just wanted to tell you about an exceptional training that I attended today about how to share your faith. I drove to Chestnut Ridge Church I'm Kings Mountain for the Make a Difference Training by Don Sunshine. I heard about it through The Light FM radio station and I really felt like God was prompting me to go. It was powerful! I felt so empowered to share that I actually went to Handel's Ice Cream on the way back and asked the girl who took my order what her name is, how I can pray for her, and I gave her a tract. I could tell when she brought me my ice cream and said, "Nicole, have a blessed day!" that I had made a difference. I was also able to give a woman by the side of the road a tract and ask how I could pray for her. I plan to share this story with Don Sunshine's team but I also wanted to share it with you. I'm hoping maybe Good Shepherd could host a Make a Difference training right here in Charlotte? This training really just made me realize that I have to be more bold in sharing my faith with others because Jesus is coming back soon. And it made me realize that it's really not that hard when you have the right tools. I don't have to lead every person I meet to salvation in that moment- I only need to plant the seed. I really wanted to share this with you as it's the most powerful witnessing training I've ever been to! God gave me two divine appointments today alone- I can only imagine what He will do next! :)Glory to God! Thank you, Jesus!"

"Hi. I just wanted to let you know that I took a step towards implementing the MAD method yesterday. The two landscapers were trimming the grass outside. It was hot, so I brought them both an electrolyte drink. I was able to give them both a word of encouragement, and I thought I had the two bilingual tracts with me, but I didn't. Confirmation that I need to order tracts. I couldn't really have a discussion with them because they were working. So, moving forward. I am at a leadership conference for my secular job, and one of the speakers talked about how our identity should drive our actions and then our feelings follow that and overcoming fear. Some of the things he said were so similar to some of the points you made; it was remarkable. So, confirmation again. Take care and GOD bless. Thank you again."
