

938 Groups Covenant

Our Strategy

To create a safe, transforming, missional environment where people can know and love Jesus Christ in the context of a small group.

Our Expectations

- **Safety:** We create a warm and inviting space where people, whether they are new or not, feel comfortable and safe to ask questions, share, or not share, pray, or not pray, and be who they are.
- **Transformation:** We create a transforming environment by consistently developing and cultivating relationships in the group that encourage one another to take next steps in their spiritual journey. We root the content of our group in the teaching of the historic Christian faith, be it scripture or other Christian resources.
- **Missional-living:** We pray for and invite others to join our group, no matter their faith background, and we look for ways to multiply our group by being intentional in our relationships outside of our group.
- **Know & love Jesus:** We create an environment that enables individuals to know and love Jesus if they choose to. This environment is for those who are exploring, interested, or actively seeking to know and love Jesus, and to deepen their faith and love for Jesus through individual and collective prayer and individual and collective study of God's Word.

Our Commitment

- The group will regularly meet _____.
- Meeting times for our group begin at _____ and end at _____.
- The location our group meets is _____.
- Meals or refreshments will be done in the following manner _____.
- Other commitments we have as a group are _____.
