Why should we be baptized in water?

What happens when someone is baptized in water?

Why do we take Communion?

Why do we always serve bread and grape juice for Communion?

We don't get baptized on our own. A pastor or ministry leader will lead us in water baptism. Even Jesus was baptized by someone else. (Mark 1:1–11)

When we get baptized, we are completely immersed in water. This shows that God has washed away all our sins. When we come up out of the water, we begin a new life in Him.

B

Jesus said to be baptized in water. Also, water baptism shows others that we have asked Jesus into our heart and want to live for Him. It symbolizes the beginning of our life as a Christian.

D

When we take Communion, it's similar to what Jesus did with His disciples. The bread represents His body that was broken for us. The juice represents Jesus' blood that He shed for the forgiveness of our sins. (Matthew 26:26–29.)

A

Jesus told us to take Communion. We eat bread and drink grape juice at Communion to help us remember how Jesus gave His life so that we can live in heaven with Him.
