

What is sanctification?

**When does
sanctification start?**

**When is sanctification
finished in our life?**

**Does God help us to be
sanctified?**

Sanctification starts at salvation. When we ask Jesus into our life, God instantly sees us as without sin. This is not because we are instantly perfect, but because God sees himself living in us. He sees Jesus who died on the Cross for our sins. Sanctification progresses as we grow to become more like Jesus.

B

Sanctification is becoming more like Jesus as we get rid of sinful behavior and live to please God. (1 Peter 1:15–16)

C

God doesn't ask anything of us that He doesn't help us do. He helps us by giving us:

- New life through Jesus at salvation
- The Holy Spirit to guide us
- The Bible to teach us how to be holy (John 17:17)
- Godly leaders to show us how to live like Jesus

A

Sanctification is complete in our life when we become perfect. The Bible tells us we will be perfect when we are in heaven. We will never be perfect here on earth, but we can always become more like Jesus.
