FPC Members who are serving abroad as missionaries:

Donny and Courtney Harwood - Scotland

That they would continue to find their way in Scotland: building new friendships and feeling more settled in general.

For homeschooling. They begin next Monday and while they are excited about it, and confident it's the right decision for the family in this season, it's a new chapter for them and they would value prayer.

That the children would make good friends in the local area.

For Daniel - a young man that showed up at church on Sunday - who is not a believer but who has suddenly become interested in learning more about Christianity.

For the outreach as a church; they have a concert this month that they are advertising in the community and Donny is speaking at the Stirling University Christian Union at the end of this month.
