

CHILD AND FAMILY SPONSORSHIP

Revised and Reimagined

As a new family sponsor you will be paired with a child living within the family unit that you are sponsoring. This sponsorship offers you the opportunity to invest in the life of one of our children through their Casa Bernabé family. For some of our children, life at Casa Bernabé is brief, as their biological families just need a little time to better equip themselves for caring for their child. As a whole, the country of Guatemala is placing a priority on family reunification, recognizing that institutionalizing children is not in the child's best interest, nor is it a long term solution. For some of our children, reunification isn't a possibility and they will be with us for a longer period of time. This program allows each of our children an opportunity at sponsorship, no matter how long they are with us. It allows you, as a sponsor, to welcome the new kid with a note of encouragement, and uphold them in prayer. For our children who are with us for a longer period of time, there is the chance to build a relationship with someone who is caring for them thousands of miles away. Built holistically, this program also gives you an opportunity to come alongside our house parents, helping to bless the house as a whole, being responsive to needs as well as the "fun things" like special outings and birthday parties. This program gives you an opportunity to get to know a little bit more about the amazing couples that are following a calling from God and doing the hard work of caring for our kids "on the front lines."

Our desire is to deepen our commitment to the vulnerable boys and girls in our Child and Family Sponsorship program.

By putting our children first, we continue to realign our focus, consulting best practices and developing an effective, relevant program that will be impactful for them, their entire Casa Bernabé family and sponsor alike. Our hope continues to be that the children that we sponsor today will never need a sponsorship program for their own children.

For some of our children, life at Casa Bernabé is brief, as their biological families just need a little time to better equip themselves for caring for their child. Our Revised Child and Family Sponsorship program ensures ALL of our children are sponsored, no matter how long they are with us.

WHO IS CASA BERNABÉ?

Tucked on the side of a mountain, outside Guatemala City, Casa Bernabé is home to children victimized by abuse, abandonment, or neglect.

Through your support and partnership with Friends of Children Everywhere over the years, Casa Bernabé has been empowered to care for hundreds of children, restoring families, and transforming orphan care in Guatemala.

The ministry has grown to include a school, medical clinic, vocational training, and post-placement care and support for the children through the Families United and Transition programs.

YOU CAN MAKE A DIFFERENCE.

For us, caring for vulnerable children in Guatemala means showing love, teaching family, building trust, and instilling hope. It means caring holistically for children who have come to us out of tragic circumstances. It also means coming alongside families who have been separated and helping them find their way back to each other, showing them Jesus through all that we do. We don't believe poverty is a reason for families to be separated. While we work with families to find a solution to reunification you can help through sponsorship, ensuring both the immediate and continuing needs of our children are met.

EDUCATION SPONSORSHIP

In a country where the average student only attends the first 4 years of school and the literacy rate is the lowest in Central America, we are making our children's education a priority. Your sponsorship helps ensure that, instead of poverty continuing to sow the seeds of more poverty, today's education will create an environment that leads to opportunities and success.

\$60/MONTH

CHILD AND FAMILY SPONSORSHIP

This sponsorship offers you the opportunity to invest in the life of one of our children through their Casa Bernabé family. As a sponsor your financial contribution will go towards meeting a portion of the child and family's everyday needs. But, more importantly, as a sponsor, you have the ability to build a relationship with your sponsored child and the rest of their house.

\$90/MONTH

HOUSE SPONSORSHIP

Financial support isn't always glamorous, we have to pay for electricity, we have to buy toilet paper. Those are realities of life. They are necessities. As a House Sponsor you are helping meet these very real needs and more. Your sponsorship ends up looking like the security of three daily meals, a warm, safe bed at night and the continuing care of loving adults. Not only does this sponsorship help meet the household needs, it also ensures that each of our houseparents and house helpers get paid.

\$2,000/MONTH
