

# CALVARY CHAPEL Temecula

## Audio Video (AV) Ministry

“Let all things be done decently and in order.”

**1 Corinthians 14:40**

### VISION STATEMENT

The Audio/Video (AV) Ministry supports the Musical Worship ministry, Bible Teaching ministry, and other ministries of the fellowship.

### MAIN OBJECTIVES

- Team members should be sensitive to the leading of the Holy Spirit
- Team members should be willing to receive direction from the Musical Worship Director, the AV director, and other designated leaders
- Team members should support church musicians & singers in making a joyful sound unto the Lord individually and as a collective team
- Team members should support participation of church members in congregational singing
- Team members should aim to eliminate or significantly reduce all distractions resulting from processes and technologies
- Team members should help troubleshoot and solve technical problems
- All potential and current team members should demonstrate and maintain a growing, vibrant personal relationship with the Lord Jesus Christ.
- Team members should demonstrate the fruit of Spirit in personal, church, and public settings, and be regular attendees of Calvary Chapel Temecula.
- Team members may serve in one or multiple areas of specialties as gifted, skilled, and/or trained.

### FIVE MAIN AREAS OF SPECIAL FOCUS

#### 1. Audio (sound)

- A. The audio team provides audio for live worship music and bible teaching during Sunday mornings, Wednesday evenings, and other events as scheduled.
- B. The audio team records live bible teachings during church services and events.
- C. The audio team provides post-service/event editing of recorded audio files. Final edited files are uploaded and are shared on podcast websites, the church website, and radio stations.

#### 2. Lyrics & Presentation

The lyrics & presentation team provides visual projection of song lyrics, pastors notes, bible verses, church announcements, and other types of media during live Sunday mornings, Wednesday evenings, and other events as scheduled.

#### 3. Video

- A. The video team provides live video streaming and video recording during Sunday mornings, Wednesday evenings, and other events as scheduled.
- B. The video team provides video recording during church services and events.
- C. The video team provides post-service/event editing and uploading of video files. Final edited video files are uploaded and are shared on the church website and other websites.

#### 4. I.T. (information technology)

- A. The I.T. team provides technical support to the teams listed above through the set-up, maintenance, and ongoing user support of hardware and software related to AV.
- B. The I.T. team provides assistance with user accounts/credentials, firmware/software updates, internet safety/protection, data storage, backup, and VPN remote access as approved.

#### 5. Website, Mobile & TV Apps, Graphics, and Social Media

- A. The website, mobile & TV apps, graphics, and social media team support all ministries of the church.
- B. The team creates, updates, and publishes public-facing web-based content as approved by church leadership.
