

Revised: 02-14-2023

CCT Stage Layout

As of 02-14-2023, all stage pocket XLR & Speak-On connectors have been replaced & are fully usable.
As of 02-14-2023, the (7) drum microphones have been relocated to free up two inputs back L & two back R.
Dotted line boxes pictured are very old stage pockets that are no longer used.
Inputs to the board 25-32 can therefore be used for auxiliary inputs, wireless handheld microphones, etc.
