<p>For a new group: What teams have you been a part of? How would you describe the team's chemistry?</p>	<p>For an established group: What priority do you place on praying for your friends and fellow church members?</p>

From the Message:

<ol style="list-style-type: none"> 1) In Romans Chapter 14 Paul makes it clear that he is speaking in the context of disputable matters. What are some topics/issues of our faith that you would deem disputable? What are some examples of topics that are non-negotiable? 2) Why do you think that Paul says that the "stronger" group are to receive (fully incorporate them into the church) the "weaker" group? 3) Why do you think Paul's advice to the "weaker" group is to not judge the "stronger" group? 4) Paul calls on the stronger to not do anything to make the weaker group stumble. What does that mean practically? 5) How do we begin to work through areas of disagreement on secondary issues with fellow believers?

<p>Discuss from Scripture:</p> <ol style="list-style-type: none"> 1) How do you behave towards those who might be weak in the faith? What could you do to be more welcoming to them? 2) What do our disputes reflect to those who are outside the church? 3) How should you treat people who disagree with you on non-essential issues? 4) In what ways can we put stumbling blocks in front of other Christians? 5) What would it take for you to be known as someone who builds others up? 6) In what ways do you find it difficult to lay down your liberties for the sake of others? 	<p>Discuss from the video:</p> <ol style="list-style-type: none"> 1) How do you behave towards those who might be weak in the faith?
