

The Village Church of Barrington has created the "Providing Assistance for Christian Education" grant to offer partial financial assistance (grants) to Christian parents who are members of VCB and seeking an alternative to the K-12 public education system. Applicants must be current members of VCB attending for a minimum of one year and must provide information demonstrating a financial need for assistance. While applications may be considered for multiple children in one household, all funding is for one school year and parents must reapply annually for additional funds. Children's grades may be requested and be considered by the committee in awarding grants. Assistance for private schools require that the statement of faith of that school aligns with that of VCB. Assistance being applied to Homeschooling hybrid programs must also meet this requirement, and in both cases the funds will be paid directly to the school. Qualified education expenses for traditional homeschooling would be considered, and if awarded, would be paid to the parents as reimbursement subject to proper documentation of expenses.

Application for awarded funds must be requested in writing no later than May 15 for the school year starting in the fall. Application must be completed in full and submitted to the VCB P.A.C.E. selection committee in a sealed envelope. All applications will be considered confidential, and decisions will be communicated in writing in a timely manner.
