Small Group Guidelines

- Please share personally. If sharing about someone else, let us know how we can pray for YOU in relation to your request.
- Guard against gossip or slander of others in your sharing.
- Do not share confidential information/requests from your small group with others outside of the group.
- Seek to be balanced in your sharing, guarding against the extremes of either dominating the group or being closed up.

We all have probably struggled with one of these extremes at some point. With that in mind, consider these helpful tips which are as follows:

- If you know you tend to dominate:
 - Speak in short sentences that will allow others to participate also
 - Consider/process your prayer requests AHEAD of the meeting time so that you can share in a more concise way
- If you know that you tend to be closed up:
 - Pray for courage to speak up
 - Consider what the Lord has been teaching you so that you can share it, and thereby encourage others who need encouragement
