

LOOK BACK BEFORE YOU MOVE FORWARD

What Hope Is Taking Root?

Answer honestly and briefly. You are not pretending sorrow is easy. You are naming what the risen Christ has made true and choosing to live inside that hope.

1. What have you learned about the bodily resurrection of Jesus?

2. Where have you been tempted to treat death, loss, or failure as the final word?

3. How has 1 Corinthians 15 corrected or strengthened your view of Christian hope?

4. What temporary refuge have you been invited to release or re-order?

5. Where is the risen Jesus sending you with His peace?

6. How can worship help you live honestly with grief without surrendering hope?

SUMMARY

Resurrection hope is not vague optimism. Jesus is risen bodily, death is defeated, creation renewal has begun, and those who belong to Christ will be raised.
