

Worship Leader / Musician Opportunity — Local Christian Church

Local Christian Church in Ashland, VA is looking to connect with worship leaders and musicians who have a heart for leading people into the presence of God through simple, authentic worship.

We are not trying to build a performance culture.

We want to build a worship culture.

Our normal Sunday environment is relational, acoustic-driven, and focused on congregational engagement more than production. Most Sundays are led by a single worship leader with guitar, along with occasional additional musicians or vocalists depending on the week.

We are currently looking toward August 2026 start dates as we prepare for the next ministry season.

What We're Looking For

- Love Jesus and genuinely love the Church
- Have a heart for worship, not just music
- Can lead people spiritually, not just musically
- Value simplicity, authenticity, and humility
- Are dependable and team-oriented
- Are open to helping develop future leaders and musicians
- Have a healthy philosophy of ministry and understand worship is about leading people toward Jesus, not building a platform

Could this eventually grow into a part-time position?

Yes, potentially.

But more than anything, we are looking for people who feel called to lead people in worship.
