

WINTER ESSENTIALS DRIVE

New Wine Church Fall Festival • Benefiting A Turning Point KC

New Wine Church is collecting items at their Fall Festival for [A Turning Point KC](#)'s cold weather shelter. From December 1 through March 1, when temperatures drop below 10 degrees, A Turning Point will activate a warm sleeping space to safely overnight homeless community members of the Northland.

A Turning Point doesn't just provide a warm place for the homeless community. They know them by name. They listen to their stories. They love with deep empathy. That love builds trust. With that trust, people begin to ask for help and believe change is possible. The Cold Weather shelter allows them to help people take real steps forward into employment, temporary housing, recovery houses, and treatment centers. It's not just warmth for the night, but pathways toward a new life.

The following items are being collected:

- Shelf-stable food
Though we want to avoid anything needing can openers or requiring cooking for homeless community members, we will accept all items - they can be used in their food pantry.
- Coats
- Warm socks
- Hand warmers
- Gloves
- Hats
- Cold-weather essentials
- Winter coveralls
- Snow boots
- Cots - [find link here](#) of what they are asking for

A wish list for the Cold Weather shelter can be found [here](#).

Also accepting the following for Outreach Team:

- Tents
- Heavy duty waterproof tarps
- Sleeping bags
- Blankets

**Winter items can also be used in their wardrobe that helps provide for families in need, so all donations of all sizes are welcome!*

Thank you for partnering with us at New Wine as we plant hope, share love, and help transform our community!
