

## Our Team

We send a select team of people from Crossway. Applicants who are not an active part of Crossway must be involved in a local church and have a reference from their pastor. Preference will be given to applicants from Crossway.

Crossway requires a Short-term Ministry Trip application and an interview for anyone interested in participating.

Due to accommodation and logistical restraints (including the distance, duration and difficulty of this trip), we are unable to take every applicant. This is not a “nice trip” to a “nice place” and it’s not for everyone.

The preparation we do as a team will determine the success of our trip. It will involve team-building activities, planning projects, cross-cultural education, watching films, and discussing logistics.

Although we will communicate important information, these meetings form the foundation of a cohesive, well prepared team. For this reason, it is extremely important for you to attend all the team meetings.

## Outreach Trip

July 13-25 2023

## Our Ministry Partners

### **Christian Missionary Fellowship International (CMF)**

Since 1949, CMF has been compelled by Christ's love to transform lives and communities around the world. We partner with them through child sponsorships.

### **Missions of Hope International (MOHI)**

In 2004 CMF and missionaries Keith and Kathy Ham developed a partnership with Kenyans Mary and Wallace Kamau who were leading the Mathare Family Hope Centers. The Hope Centers maintain official legal status as a Non-Governmental Organization (NGO) in Kenya as "Missions of Hope International."

## Our Work

We will be there to support the long-term work of the Hope Partnership and we will be taking our cue from them.

Some of our team will be supporting the Kenyan teachers who work at the village 2 school and at the Joska boarding school. Others will be involved in ministry in the community. Some possibilities include: "Bring the Light;" Business Development visits; "Bring the Food;" "Healthy Homes" visits; leadership training; evangelism; etc.

The ultimate goal of our trip is to encourage and empower the Kenyans we encounter. We encourage team members to engage with the Kenyans they meet, build relationships and ask questions. We won't judge the success of this trip by how much we did or how many we taught; a successful trip reminds the people in the Mathare Valley of their value as human beings and the living hope Christ extends to them through His love.

## Where are we going? Mathara Valley Slums, Nairobi, Kenya

Nearly 2.5 million people live in poverty in the slums and urban areas of Nairobi, Kenya. They lack the basic necessities of life: adequate housing, clean water, sanitation services, and their educational opportunities are negligible.

We will be serving in the Mathare Valley slums of Nairobi, Kenya. The village we are involved in is called, Kiandaruru or simply, "Village 2."

## Cost

The trip will cost approximately be between \$3,200-\$3,500, which will cover everything you will need – airfare, lodging, transportation, and food – except for your passport, immunizations, and spending money. Airfare is due by February 15th, 2023 and will be approximately \$1500.
