

SUMMIT INITIATIVE

2024 Impact Report

*Building authentic communities
that embrace freedom through
God's love, foster hope, demonstrate
compassion, and help people
discover their true God-given
identity and purpose!*

I want to first thank the Summit Family for being an integral part of the transformative work God has called us to. We started with a Men's Weekend in October 2018 and added Military workshops in October 2019. The incredible fruit we've experienced since is a drop in the bucket of what we believe God wants to produce through Summit. We have seen incredible response worldwide to what God is doing through the efforts, sacrifice, and partnership of many individuals and organizations. We are so grateful!

Our workshops and community building events are a cornerstone of Summit Initiative and are designed to empower people to connect deeply with God, authentically with others, and be equipped to lead. We hope to inspire a community toward purposeful and compassionate living as they discover their true selves in Christ.

We have heard countless stories of resilience, hope, and profound personal transformation. Each narrative is a testament to the faithfulness of God and the power of storytelling. The community, from diverse backgrounds and walks of life, share their journeys with raw honesty and inspiring courage. Their stories illuminate the profound impact of people connecting to and trusting Jesus.

We believe this is only the beginning as we celebrate the goodness and faithfulness of a God who is infinitely vast and intimately personal. Thank you for your support and belief in the mission of Summit Initiative. You are making a profound difference in the lives of so many. What an incredible adventure!

For His Glory!

Jason Chudnofsky

Executive Director, Summit Initiative

WHAT HAPPENED IN 2024

God has taken Summit all across the world to serve all types of communities. What an incredible adventure!

51 Total Events

3,235 total people served throughout the world!

18 International Events

334 people served at online and in-person workshops & events!

14 Military Events

2,612 service members served locally and internationally in the US and Korea!

19 US Ministry Events

289 local ministry teams, churches, and non-profits!

US Soldier Guide Workshop
Gyeongju, South Korea 8/30/2024

"I have learned confidence in myself and full surrender to God. Put my full trust in Him because He is all mighty, all knowing, and He has a plan for me and I should listen."

WHAT PEOPLE SAID THIS YEAR

REACH CHURCH MEN'S WEEKEND

"I have a new fire for God. To put Him first so I can lead my family well. I have a better understanding of community. I want to continue this act of worship & being in community when I come home."

FT WAINWRIGHT, ALASKA SOLDIER GUIDE WORKSHOP

"I came here feeling that no matter what I did, I was unlovable. Now I know I'm not alone."

LAKE CITY COMMUNITY CHURCH MEN'S WEEKEND

"I learned that God is with us every step of the way even if we feel alone. That is when we need to rely on God the most and continue to have hope. I will now stop believing the lies about myself and listen to what God says about me."

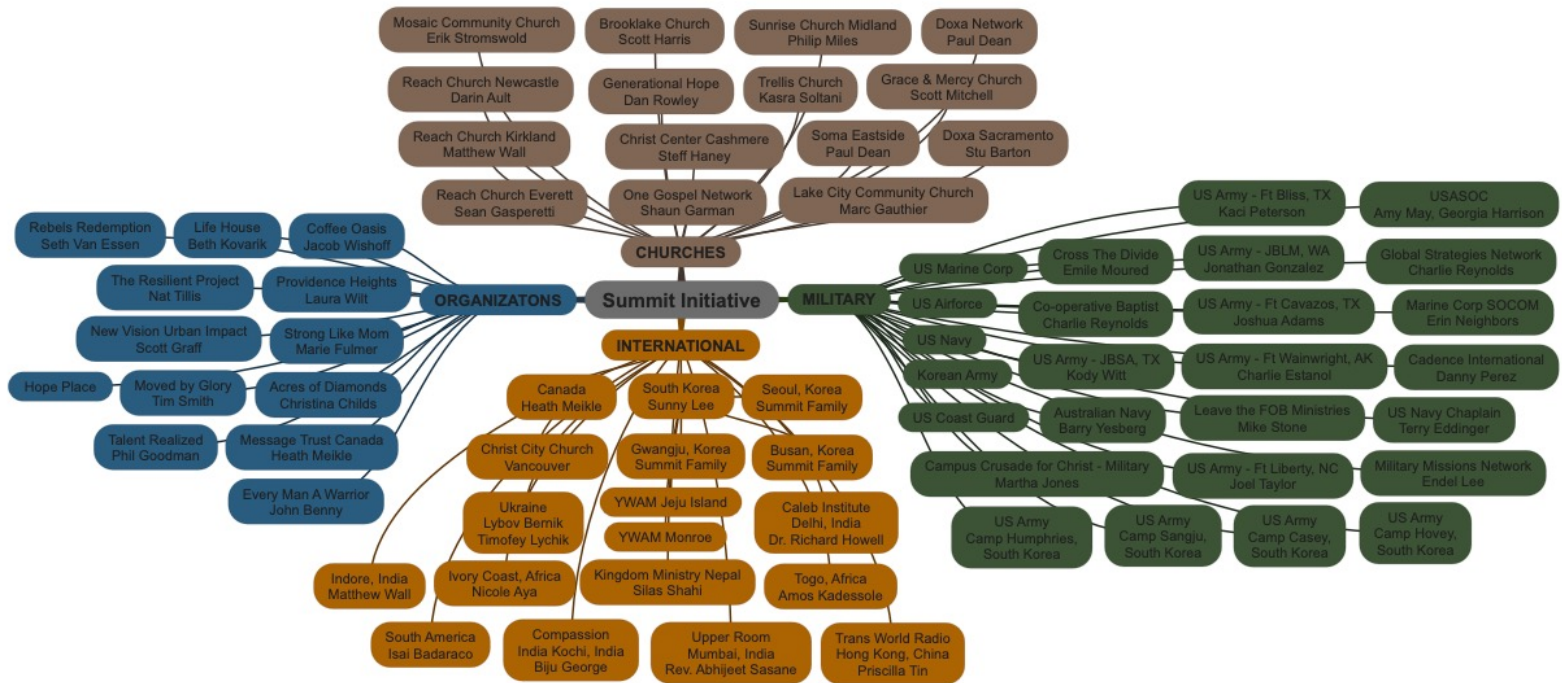

SUMMIT OUR STORY MARRIAGE WORKSHOP

"This was one of those 'at just the right time' moments. I felt at a loss to know how to re-establish our connection. This week was instrumental in reminding us of our love and commitment."

SUMMIT NETWORK

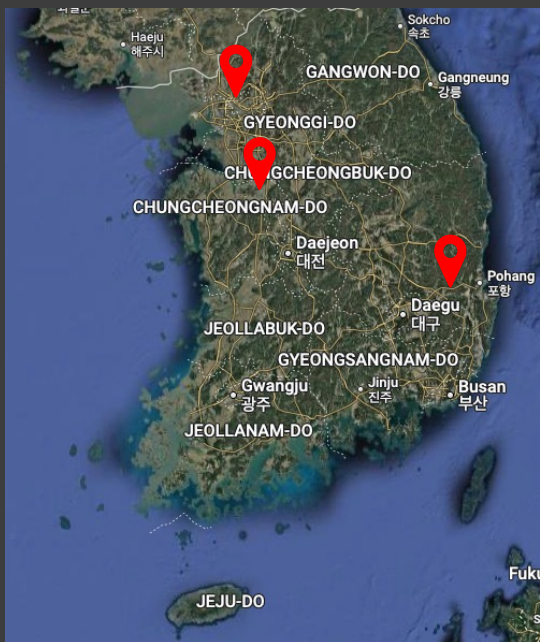

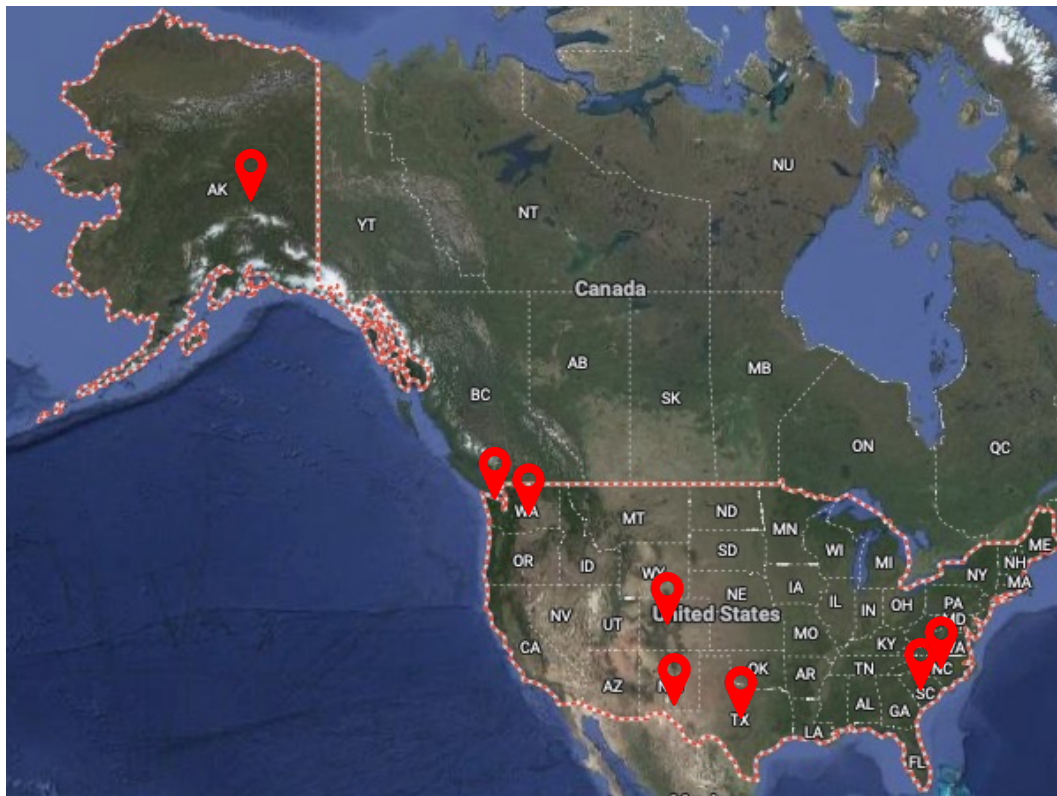

Representing Summit in Pyeongchang, South Korea

SUMMIT MILITARY

Serving & equipping Chaplains, Service Members, and their families around the United States & South Korea

Connecting Service Members to God and helping to build true community through authentic connection to others!

SUMMIT INTERNATIONAL

SUMMIT KOREA

South Korea continues to grow. The Summit Family in Korea has taken it upon themselves to serve US and Korean Soldiers with regular community building events that will continue through 2025.

SUMMIT INDIA

Summit did the first of many expected workshops for India this year. We have been asked to travel to India in 2025 for in-person workshops for ministry leaders.

SUMMIT TOGO

We finalized translation and the e-course for French speakers in West Africa. We will begin online workshops in 2025 with a trip expected for later that year.

SUMMIT NEPAL

Translation in Nepali will begin early 2025 for the Summit My Story curriculum and Workshop. Our hope is to travel to Nepal late 2025 to serve ministry leaders.

WHAT TO EXPECT FOR 2025

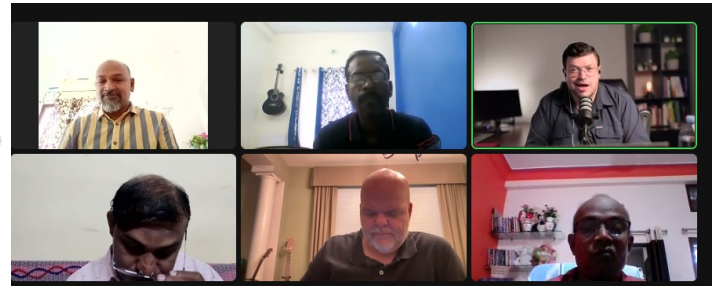

MILITARY COMMUNITIES

Summit has grown exponentially within the military communities with both active-duty Service Members and non-military individuals wanting to serve. This will be a significant focus in the years to come.

SUMMIT INTERNATIONAL

Demand to train international ministry leaders in Summit's relational community building model has skyrocketed with requests from dozens of countries. This will be a growing focus as local leaders are equipped.

COMMUNITY & DISCIPLESHIP RESOURCES

Plans are in place, and are being executed, to develop additional curriculums, books, and online resources to support the growing Military and International communities.
