Beyond the Building

A heart for God's people and a vision to see the gospel advanced and amplified in and through them; that's what anchors Legacy. Expansion has never been about more locations, bigger buildings, or additional services as the benchmark of the fruit of our obedience to God. It has always been, and always will be, about making room for the family of God to grow as people meet Jesus and see their lives, families, and futures transformed by the power of the good news. Every person and every story matters as we build legacy, brick by brick, reflecting the redeeming and restoring Savior we worship.

From the first service to today, our church has been defined by an emboldened willingness to extend an open invitation for those far from God to know him intimately and to embrace what it's like to be fulfilled and cared for in Biblical community. Expansion is a method to exponentially increase our church family's impact for the kingdom of heaven right here where God has placed us. So that every person invited has a seat, a chance to encounter the living God, and an opportunity to embrace the hope and future we share in Jesus.

Wellness Launch

In 2026, we completed construction of True North Wellness, an extension of our church's desire to care for people comprehensively by aligning spiritual discipleship and encouragement with practical supports. With an emphasis on Bible-based coaching, intentional community, and licensed professional counseling services, True North Wellness is positioned to meet people in their unique seasons with integrated care that helps them experience healing and freedom and see God's best for their lives. While True North Wellness is open and already serving individuals and groups, we are strategically scaling services and anticipate being fully operational in early 2027.

Vineland Campus // Building Completion

Just over two years ago, God opened the door for us to purchase the former Sears property at Delsea Drive and Landis Avenue in Vineland. Eight months later, we launched a mobile campus at Lakeside Middle School while renovations began on the building. After 18 months of mobile services and building an incredible church family, we opened our permanent Vineland Campus on October 4, 2026. With 40,000 of the building's 75,000 square feet renovated for ministry, the campus is ready to serve as a space for people to encounter Jesus, find community, and take their next steps in their pursuit of Him.

Third Campus Expansion

Our desire to see God move in South Jersey aligns with our vision to plant more True North locations in communities throughout the region. Expanding facilities at our current campuses is an important strategy to manage our growth and affirm our legacy; still, developing the Biblical community and gathering in new areas is just as vital. We continue to pray about locations for a third campus as we intentionally collect and allocate resources, financially and practically, to make this a reality.

Vineland Expansion

When we planned and executed the renovation of the Sears facility for our Vineland Campus, we did so with future expansion in mind. While we are excited about all God is accomplishing in this new space, we are prepared to grow when the time comes. Approximately 35,000sqft of additional facility space can be easily transformed into a larger auditorium and Compass Kids area, with minimal disruption to service and ministry execution. While this might seem far off or a little early to conceive, we are committed to diligence and preparation, ready to move with wisdom and strength when God presents the opportunity.

2026

Legacy Focus 2026
Mullica Hill Expansion

Year after year, we give sacrificially, above and beyond our tithes, to build a legacy that will reverberate across generations. In 2026, we secured approvals and completed a sewer tie-in at our Mullica Hill Campus, paving the way for expansion. Our 9 and 11 AM services continue to grow, stretching the main auditorium and Compass Kids to capacity and beyond. Our plans include an 1,800-seat auditorium, a spacious lobby, dedicated family space, and a renovation of the current building exclusively for Compass Kids. The estimated cost is $17.8 million, with $8 million needed to break ground. The need is real, and so is the calling: every seat we add is a seat for someone who has yet to meet Jesus, and an open door to a future filled with eternal hope and heavenly purpose.
