

Global Intercessor

OCT 26-NOV 1, 2026

Monday

A: Pray for some of our local sisters in the gulf. They face many challenges from within and without. Pray as the Spirit leads for boldness, healing, deliverance, and an outpouring of the Spirit!

A & E: Pray for Ivan and Saleh who have both been following Christ for less than a year, and are eager to be baptized. Pray that their hope would be realized and that they would find community with other local believers, and that they would see their families transformed by Christ. Pray for our family to develop good rhythms as we adjust to life overseas.

Alex & Jenny: Praise God for our eldest daughter Wendy Jane's acceptance into her top choice for PA (Physician's Assistant) school. Pray for our family as we prepare to return to Central Asia in January. Pray for God's blessing and protection as we facilitate a graduate-level education course for teachers at underground Christian schools.

Tuesday

Alexia: Personally, pray for joy in my work as I navigate new responsibilities of my position. City Project conversations are starting - pray that God would bless us as we have them, and that He would move in students' hearts.

Andrew & Ann: Pray as Andrew steps into his new role as systems lead for our media team, overseeing workflows, software, and resources. Pray for wisdom

and smooth coordination as he equips our creatives to collaborate more effectively in sharing the Gospel.

Andy & Mireille: Pray that God would provide the needed monthly support. Pray for wisdom in getting the land issues settled for the ministry. Pray for continued good health as we are back in the States through the end of December.

Wednesday

Bob & Carolyn: Pray as God leads.

Brad & Elizabeth: Pray for our recovery from a long trip for the end of season soccer tournament 10 hours away. Pray that our AI project team meetings this week will be fruitful in moving toward our targets. Pray that the Wesley School board meeting this week will be profitable, and also for Kenan's college application process.

Brad & Sandra: Pray for Sandra's speedy recovery from her VNS implant replacement procedure. Pray for wisdom for her and her epilepsy specialist as they turn on and dial in the VNS. Pray for a safe drive from NJ to FL in November.

Thursday

Brent & Helena: We are thankful for a great start to the new school season. Pray that students and teachers can continue to work to get in a good rhythm of learning and working. Pray for safety and health for Brent as he does the bulk of the flying for our program as well as the

Program Director job.

Brent & Marianne: Pray for our time at Westover Fall Global - for good connections with ministry partners and for new supporters. Pray for growth for the college students we are currently mentoring. Pray for our three children to grow in their knowledge of Jesus.

Bruce & Irene: Bruce just returned from a tour of the 7 churches in Turkey. A reminder that there are now very few churches and none where the 7 churches existed in the founding of Christianity. Pray for Pursa, our tour guide that heard, saw, and witnessed the truth of the Gospel. As we celebrate our 25th wedding anniversary soon, our prayer is that we will be led into a deeper commitment in our relationship with Christ and each other. Pray for Grace as she navigates the decision of possibly pursuing a Master's degree in Counseling.

Friday

Bruce & Julie: Pray for those still waiting for Scripture in their language. Pray that translation work will begin soon. Pray for the z4 apprentice pilots. They are moving along in their training. Continue to pray for Julie's health to be restored.

Chris & Christin: Chris began teaching at The University in October. Our organization has just started this partnership last spring. So, a lot of trail blazing and figuring things out. Ask that Chris will have healthy rhythms and the Father would give him the margin he needs to be able to do all his roles.

Dana: Praise God for a fruitful time in Argentina meeting with our Latin America Jesus Film Project (JFP) Core Team. It was a great time of connecting and planning. We also held a training for a local church that wants to help its members use some of our JFP resources to reach out to those around them with

the Gospel. Pray for new connections I am making with a number of ministries in Latin America and the Caribbean who are interested in partnering with us by using our films and digital strategies.

Saturday

Daniel & Mikel: Pray for our winter conference - for students to sign up and develop a heart to go overseas. Pray for spring break and summer mission recruiting. Pray for a student in the Sig Ep fraternity who is counting the cost. He has lots of questions. Pray his eyes would be opened to the truth.

Danny & April: Praise for a successful missions conference at ISTE seminary. Pray as we meet with a new missionary at SIM-USA on Oct 27 as she prepares to head to Angola. Pray for us as we travel to a debriefing/renewal conference the first 3 weeks in November. During this time, we will review and process the past 12 years of serving Angola as we prepare to start our new ministry in Member Care with SIM-USA in 2027.

Sunday

Darrell & Ruth: Pray for a safe delivery of a new baby boy to Jonathan and Heather, due Oct 26. May the Lord's hand be on his life. We are also looking forward to being with Westover for the Fall Global Celebration this year! Pray for safety and blessing on our travels Oct 22- mid Nov.

Darryl & Sandi: The Central Asia Program was able to rent another house this month for new staff coming in. The medical evacuation flights continue but need more funding. This is a wonderful opportunity to meet physical needs and share the love of the Son.

Pray for our Third Culture Kids (TCKs) and our Senior Missionaries.
