

MOREHEAD CHURCH PLANT

A CHURCH FOR THE CAMPUS CHURCH PLANT

*Church
for the
Campus*

DYLAN & CASSIE

Our journey into church planting began in college, where we first encountered the vision of planting churches to fulfill God's mission. In graduate school, a professor deeply involved in church planting opened my eyes to the impact and practical need for church planting in making disciples. Deeper study in the book of Acts strengthened my conviction, showing me that new churches are essential in God's plan to reaching people for Christ. Over the years my passion for church planting grew stronger.

In late 2023, my wife and I sensed a calling to Morehead and immediately recognized the need and potential in bringing the gospel to the college students of Morehead State University. We envision a church that could disciple students during their college years, equipping them to return to their hometowns as on-mission leaders, carrying the gospel wherever they go.

Through prayer, counsel, and connection with BeIMakel, a church planting organization focused on ministry near college campuses, we found clarity and support. By October, we shared this vision with our current church, and took the first steps toward planting a church that will reach Morehead, the university, and the surrounding region.

Our vision is to see a church at the heart of Morehead, reaching the campus and community, and equipping each new generation of students to become disciple-makers wherever life takes them.

THE MISSION

We believe God has placed a call on our lives to plant a church in Morehead, KY. The team God has brought together are invested into the one mission :

**FULFILLING THE GREAT
COMMISSION BY LIVING THE GREAT
COMMANDMENT.**

THE OPPORTUNITY

UNREACHED PEOPLE

A ten-year old study shows that only 13% of Kentuckians attend church on a regular basis, which means approximately 3.8 million people in Kentucky don't attend church each week. In 2015, 4,000 churches were planted in North America. In the same year, 3,700 churches closed their doors. There is a need in Kentucky to have a flourishing church in every town to reach Kentuckians.

CAMPUS MINISTRY

There are 8,000+ students on campus every year. Because of the potential for opportunity, we plan to be a church near campus, for the campus, partnering with people who want to be a healthy church that serves the campus as missionaries.

MORE HEALTHY CHURCHES

Morehead continues to be a town in need of healthy, vibrant churches. There are traditional denominations represented, but the restoration movement opportunity is great.

SPIRITUAL HUNGER

The opportunity in Morehead, and Kentucky at large, is much like that of Athens, Greece when Paul visits in Acts 17. Paul addressed people who were interested in Jesus and highly valued spirituality. Ours is similar, which makes this a pivotal moment for discipleship.

THE VISION

HEALTHY // VIBRANT // MISSION MINDED

Our desire is to see the Lord establish a healthy, vibrant, mission minded body of believers in the heart of Morehead, KY. Within the city there is opportunity to serve the university (faculty, staff, and students) as well as the growing city with many young families. The mission field is plentiful in Kentucky, and Morehead State University plays a vital role in feeding the state with career-ready people. We dream of reaching them for Christ and sending them across the state to be on mission for Jesus in the hope of seeing revival in our state.

THE PLAN

TRAINING, PREPARING, & LAUNCHING

In 2025 we will be undergoing a strenuous training program through BEIMK1 to help us prepare to be effective disciple makers and church planters. We will be developing our core launch team at the same time and bringing them through the training process. We plan to soft launch in mid-2025 with our core group and the new people we have reached with a long term goal of being fully established in 2026.

MONTHLY BUDGET:	
Gathering & Operations	2,000
Space rental, Worship needs, Professional Services	
Evangelist Support	\$7,000
Housing allowance, salary, health care, payroll taxes	
Ministry Activity	\$1,670
Evangelism, Outreach, Campus Ministry, Leadership Development	
TOTAL Monthly Need:	\$10,670

THE STRATEGY

LAUNCH FUNDING

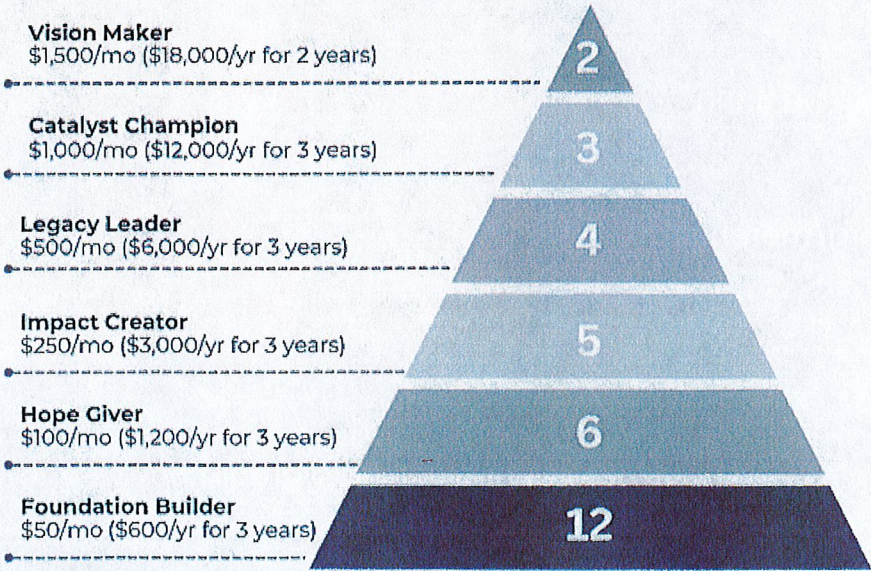

We're inviting individuals and groups to help launch us over the next three years! Our goal is to have sending churches and planting organizations support the bigger financial needs, while individual supporters join us at accessible giving levels to make this vision possible. We're raising enough to cover our first-year budget across all three years, and future growth will be covered by our sustainability plan.

SUSTAINABLE FUNDING

Churches for the Campus often rely on outside support to stay strong, but our goal is to build sustainability over our first three years. We're planning to grow support through internal offerings and by connecting with alumni, recent graduates, parents, and others who want to be part of this mission!
