

PRAYING

FOR OUR PARTNERS

In the U.S. and Abroad April 2026

CAMBODIA

This project will provide critical food support for 375 families in temporary camps displaced by the bombing related to the conflict on the Thai-Cambodian border. A trusted partner will also provide training and activities for families. Please pray for peace and comfort for people seeking safety.

TENNESSEE

IDES U.S. Disaster Response Team has been active since Hurricane Helene in TN and NC. They continue to rebuild and have had 3 homes in progress in Tennessee this spring. Please pray for the families and for our team as they serve physically and spiritually.

KENYA

This project will provide a well and irrigated farm to 10 families who will be taught the principles of Farming God's Way. They will have opportunities to participate in Discovery Bible Studies so they begin to follow the truths of Proverbs 3:5-10. Pray for these families as they grow spiritually.
