

# PRAYING

## FOR OUR PARTNERS

In the U.S. and Abroad June 2026

## PHILIPPINES

IDES has been active with our partners in the Philippines following last year's typhoon and earthquake. People have heard the Gospel and are beginning to follow Jesus! IDES is helping families return to their livelihoods while continuing to foster relationships. Praise God and pray for His continued care.

## EASTERN TN

Since Hurricane Helene in 2024, IDES has been partnering with local churches to help restore homes and rebuild in the Eastern TN area. Two new builds were finished this spring with more in the final stages. Please pray for continued healing spiritually and physically.

## AFGHANISTAN

IDES continues to work with IDPs through trusted partners in the region of Afghanistan. Many suffer from loss of family and property because of last year's devastating earthquake. IDES provided winter clothes and food to those suffering. Pray for needs to be met and for Jesus' love to be shown.
