### News Letter #163 (May & June 2026)

June 2, 2026

Dear Pastor & Church,

Greetings in our Lord's all sufficient grace.

Praise and glory to the Lord our God after my recovery I resumed my ministry as usual. The situation in Lebanon did not improve but it became worse. The major problem in Lebanon is the inability of the government to withdraw the weapons from the militia of Hezbollah as per Israel request in order to have peace in Lebanon. So then, Lebanon became under the threat of Israel that Israel may attack Lebanon any time from now on to remove the weapons of Hezbollah (their enemy). The economy in Lebanon did not improve; the high cost of living is a big problem to many people. The great recession which the country is passing through had lead Lebanon to suffer need with a big turmoil.

This bad situation would not let Lebanon to get any help or benefits from other big countries who declared that they would never help Lebanon to recover without getting rid of Hezbollah weapons!!...

Consequently then, poverty increased, besides theft, robbery, killing people etc... This bad situation effected our ministry as far as attendance is concerned. Many people besides many Physicians and nurses left the country and travelled to other countries seeking for better income. So then we have to avoid moving at nights, in certain places, to avoid robbery and crimes etc... It is really a pathetic situation what Lebanon is passing through these days. In spite of this bad situation our ministry is still going on with less attendance. It seems that the night is drawing closed and the ministry is becoming unfruitful and dry to a certain limit. The situation in the south of Lebanon where we used to have some activities in the ministry, became very bad and somewhat dangerous, dryness in the ministry became worse in Lebanon. No thirsty for salvation can be shown all over the country. People became more materialistic. But in spite of this dryness, our Lord and Savior is still taking care of the believers who are still living in this country. So then we have to rejoice with “the left over” .

Our evangelical ministry in the area where the massive explosion took place is still existing in the area where many people could be reached easily in an unusual way. Now we are still having every Wednesday preaching ministry on line. The ministry on Sunday is still going on as usual in Karantina area. We started to observe the influence of the word of God as the Bible says in Isaiah 55: 11 “**So shall my word be that goes forth from My mouth; It shall not return to Me void, But it shall accomplish what I please, And it shall prosper in the thing for which I sent it.**” We lost the building at Loueizy area which we hired for around 19 years but we lost it because the owner wanted his building. That is why we had to move completely to Karantina area in the capital of Lebanon.
