MOBILIZING CHURCHES

Across borders and cultures

Dear Friends and Ministry Partners,

We are grateful for another season of serving local churches and helping equip believers for the work of the ministry. Our role in missions mobilization continues to connect churches and servants across the USA, Latin America, and Asia.

AUGUST

In August we had the privilege of helping preach a Family Conference with Pastor Joel Quirino and Emmanuel Baptist Church in McAllen, Texas. It was also a busy month with Trinity Baptist Seminary as more than 40 extensions prepared for a new semester around the world. We were especially excited to help launch a new TBS extension in Kentucky with Pastor Tommy Miles and a wonderful new group of students.

SEPTEMBER

September begins a new semester of teaching. I will be teaching Angelology here on the boarder as well as The Doctrine of God with our extension in Singapore. Our desire is not simply to offer classes, but to help local churches train people to serve, teach, and reach others in obedience to the Great Commission and Ephesians 4:12.

FAMILY

On August 22, Rebekah and I celebrated 17 years of marriage. We are deeply thankful for the years God has given us together and for the five wonderful children He has entrusted to our family.

PRAY + PARTNER

Please pray for upcoming ministry opportunities in Mexico, Cuba, and other countries. International trips often require significant travel and ministry expenses, but they open doors to serve pastors, churches, and ministry leaders.

85%

OF NEEDED MONTHLY SUPPORT

We are thankful for every church and individual who already partners with us. If your church does not yet support our ministry, would you prayerfully consider helping us mobilize and serve local churches around the world?

PLEASE PRAY FOR:

- New TBS semester and 40+ extensions
- Angelology and Doctrine of God classes
- Mexico, Cuba, and international travel
- The remaining 15% of monthly support
- Wisdom as we serve local churches

Could Trinity Baptist Seminary help your church train servants for ministry?

We would be glad to help your local church develop ministry training that strengthens Great Commission work right where God has placed you.

JUNE + JULY 2026

FAMILY CONFERENCE

Iglesia Bautista Monte de Sion

TOLUCA, MEXICO

Leaders & first TBS graduation

TRAINING IN ASIA

Philippines, Vietnam, Singapore & Fiji

Dear Pastors, Supporting Churches, and Friends,

Greetings from the Anderson family! We are thankful for your faithful prayers and support as the Lord continues opening doors for us to train leaders, strengthen churches, and prepare the next generation for ministry.

JUNE

In June, our family had the privilege of participating in the Family Conference at Iglesia Bautista Monte de Sion. It was a blessing to teach and encourage families through the Word of God. We cannot reach the world if our families are not strong!

MEXICO + CUBA

We have continued working with leaders in Toluca, Mexico, preparing the next generation for ministry. We were especially excited about the first Trinity Baptist Seminary graduation in Toluca this past May. Please pray for the pastors already serving there, for those preparing to start new churches, and for the work in Cuba with Pastor Enrique. **We have men that are missionaries and they are in need of monthly support if you would consider supporting them! Reach out to us today!**

TRAINING LEADERS

This summer has also been full of study and preparation for the courses I will be teaching this fall. I recently taught Angelology in English to TBS students in Asia from the Philippines, Vietnam, Singapore, Fiji, and other countries. I will also be teaching Angelology in Spanish to local leaders and, beginning in September, The Doctrine of God to another group in Asia.
