

ARKANSAS STATE MISSIONS ADVOCATE TYLER FREEMAN

February 2026 Update

February did not begin as planned. Due to the lingering effects of the winter storm, we were unable to travel to NE Arkansas to our appointment, so we dropped in at Antioch in Little Rock. We are thankful for the church in Lynn, AR, for understanding, and we were able to reschedule that appointment. As for the remainder of the month, we had two great visits to churches in Southwest Arkansas. As we travel, one thing remains the same: churches love missions and want to know what is going on here in Arkansas! Would you pray with us that the Lord would move more of His local churches to give to Arkansas State Missions on a monthly basis?

On Sunday morning, February 22nd, we were able to be in service with State Missionary Alejandro Moreno. The Lord continues to bless the Hispanic work in Saline Co. To date, 24 precious souls have trusted Christ as Savior, and a congregation of 20-25 has been formed. As was mentioned in Bro. Moreno's latest report, there is a need to pray for a more suitable meeting place for this work. They currently share the former Brooks Bethel property with a daycare that is growing rapidly, so there is a need to begin searching for a facility that they can meet in without limitation.

Looking Ahead

Looking ahead, we are so thankful for every opportunity that has been extended to us so far in 2026 as we strive to visit at least one church every Sunday. Over the next two months, the only Sunday Morning I have open is Sunday, April 12th. If you would like me to come and share about the great mission work taking place in Arkansas at your church, mission rally, missions conference, etc., please contact me at the information listed below.

BUILDING Together

We Need Your Help!

The Lord is doing something Big in Springdale, but we need your help! State Missionary Micah Deaton and the congregation in Springdale are ready to break ground on their building, but they are about \$500,000 short of securing a bank loan for the remaining cost of the project. First of all, join us in praying that the Lord would provide the resources in order that this project would begin in 2026! Secondly, would you or your church consider giving a one-time special offering towards this project? Finally, Summit Springdale has established a loan program that would help to raise the necessary funds. More details about the loan program and the building project can be found at www.summitspringdale.com/buildingproject
