

Dr. Ronnie & Chona Autrey

Missionaries to Dominican Republic

June-August 2026

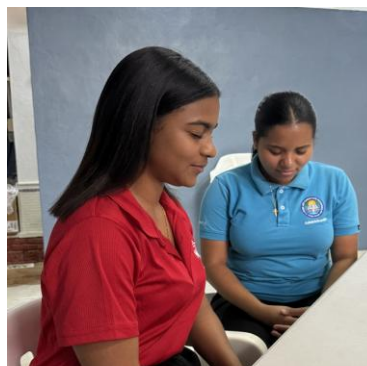

Dear Friends,

This has been one of the busiest summers that we've had since I arrived in the Dominican Republic. Our Christian school ended classes on June 15, and we immediately got busy with our summer agenda.

The first event was a fellowship for all of our national pastors to encourage them and provide tools to help with evangelism efforts in their churches. We planned a great day with music and preaching, followed by a meal our leadership prepared. I cooked some good southern barbecue, which they thoroughly enjoyed, before topping off the meal with cake and ice cream. We had received 400,000 tracts from the US through Global Baptist Church Planters with a QR code on the back linked to a database with names, addresses and phone numbers of our pastors and churches. Anyone receiving a tract would have access to a contact and church nearest to them. The QR code also directs those interested to a very professional, 30 minute video about how to receive Christ as Savior. Our pastors gladly received these tracts which will greatly enhance their ability to spread the gospel here in the DR.

The next thing on our agenda was to make preparation and repairs to the building for the new school year. While working on these projects, we were also tasked with getting our teachers prepared for another school year. In the middle of this busy time, God allowed us to lead a woman, Canasias, to the Lord. She thought she was saved, but during a series of messages I have been preaching, she realized she was in need of the Savior! Pray for God's continued blessings for this current series. We are also thanking God for 15 new members who have already been a great blessing to our church.

The third part of our agenda this summer was to repair some of our older churches throughout the island. We are currently involved with renovations in 6 of our churches. We have been able to help by finishing building projects, completing plumbing, laying tile floors, installing doors, providing seating, smoothing walls, painting, and adding a new sign for a church front. This is an ongoing project, started on June 1 and expected to continue through December. Anyone interested in helping physically or financially with these church repairs, you can reach me through email or phone at 404-213-6745.

The blessings of God never cease to amaze me as we continue to press forward to see souls saved, new churches started, and more men trained. We are very grateful for your help in furthering the gospel here in the Dominican.

In Christ,

Ronnie & Chona Autrey
