COSTA RICA

CUBA!

Remember the story of the Good Samaritan? The poor man had been beaten, robbed; he was alive but his condition was pitiful. In your mind could that poor man be representative of our little neighbor country, Cuba? How her people have suffered, been robbed of their freedoms and material well being, been deprived of the liberty to freely hear the Gospel. But God's eyes have not been blinded to their plot. He has seen to it that over the years there has always been a voice from Him for them.

The support of our Costa Rican churches for the Cuban churches has been a material as well as a spiritual strength and blessing for the Cuban people. This was the latest story that we received from one of our Cuban pastors.

"We continue in the battle! Thank you so much for your prayers.

For 13 years Leonor had put her faith in and practiced the Yoruba religion. She has invested much, much time and money. But now! She has become aware that the true living God, Jesus Christ, is found in the Word of God"

Ancestral worship plays a large part in the Satanic cult of the Yoruba religion, and the followers depend on the spirits of those past to influence, guide and interact with them today. Mrs. Leonor now depends on the Holy Spirit of God for her direction. Under the direction of Mrs. Leonor Pastor Enrique destroys what had fettered her for so many years. in Cuba. sound of true freedom is sounding. Pray for them. The Gospel of

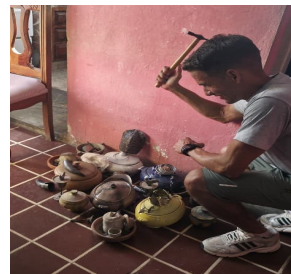

Jesus Christ liberates whether here in Costa Rica, in Cuba

In the United States of where ever.

Thank you for being laborers in the harvest.
