

THE BERREY FAMILY

SEPTEMBER 2026

Dear Praying Friends,

Our last prayer letter left off with my imminent departure (with three of our boys) for Canada. I could share many things about that trip but the one that most impacted me was the side trip to “The Hawk” at the southern tip of Nova Scotia and to a church there that has had no pastor for five years. In spite of this, the church has a beautiful building and parsonage and still gathers every Lord’s Day with an attendance of between 70 and 80. Where is the man who will take the road less traveled and shepherd this little flock at the end of Cape Sable Island?

It's Go Time for College Missions Recruitment

Colleges are now in session, and our fall routine of visiting college campuses and preaching in church missions-emphasis months or weekends has begun. As we talk about missions and preach God's Word, we will also share opportunities for young people to do internships or serve in short-term ways on mission fields around the world.

Two opportunities that I am especially highlighting and promoting are two mission teams that are going out under the auspices of GFA Missions. Both of these are taking the road less traveled to places where Christ is virtually unknown or forgotten.

The Central Europe E3 Mission Team

The first is to Central Europe: from eastern Germany the team will travel in a giant loop further east into Poland, then south to Czechia, Austria, and back into southern Germany. Using music and other creative platforms, this team will evangelize, encourage, and introduce young people to what God is doing in these countries. Czechia, for example, the land of John Hus, is now the most atheistic country in all of Europe. Austria, once around 74% Catholic is now about 55% Catholic; most of those who have left the Catholic church now identify as non-religious.

The South America E3 Mission Team

The second team will travel to South America to the Southern Cone countries of Uruguay and Argentina. Again, the team is taking the road less traveled to places where Christ is virtually unknown or forgotten. Uruguay is the most secular country in the Americas. Argentina, Uruguay's big brother, is still predominantly Roman Catholic, but those identifying as non-religious have grown rapidly in recent years. The team will minister in churches that need pastors, help three camps hold their week of winter camp (July is winter in the Southern Cone), and evangelize the lost and encourage believers along the way. Some level of Spanish fluency is preferred for this team.

If you are reading this letter and have some interest in these teams or know of someone who might be, please do not hesitate to reach out to me. Pray with us that God would use these teams to burden and send workers into His harvest.

We covet your prayers for us as well that we would, on a personal level, be faithful workers in His harvest.

We are very grateful for your ongoing prayer support,

Tim and Laura Berrey
