

THE BOHMAN FAMILY

AFRICA FIELD DIRECTOR

July 2026

Dear Praying Friends,

Preparing the next generation is one of my joys whether it is in Africa for our national leadership or here in America for potential career missionaries! This summer there was a great group of missionaries who came for approval and training during our Candidate School. In total, there were forty-six in attendance. The picture at left shows the ones for Africa. These are going to Tanzania, Rwanda, Zambia, Botswana, Uganda, and Madagascar as well as two (who are obscured for security reasons) going to undisclosed countries. You can read more about them and their countries on the bimi.org website.

Afterwards, there was Enrichment Week at the Mission Center where we welcomed BIMI

missionaries who are on furlough from around the world to a time of fellowship, debriefing, and encouragement. Forty came with several from African countries.

Camp BIMI was next with two weeks of intensive training for potential missionaries. We were blessed to host eighty-one mostly college-aged young people for those weeks. Camp BIMI consists of classroom instruction, hands-on workshops, cultural experiences, and evening chapel

services where needs of the various fields of the world are presented. It is one of the best preparation opportunities for young people who are praying about serving the Lord full-time!

Elsewhere back in Africa, our former ministries are busy in their church planting efforts. They are starting their second church for the year with 221 professions of faith and 102 following the Lord in believer's baptism!

Whether we are in the States or in Africa, we prepare and equip the next generation to continue the work of missions around the world. We simply could not do this without your help!

Until all nations hear,

Eric Bohman
